A small gesture of kindness goes a long way for a student who is navigating the new and challenging world of college. With the help of our donors, 138 American Indian Education Fund scholars received gift cards and 125 students received welcome packages this fall semester along with encouraging messages of hope and inspiration.

Meet Alverna

Alverna, 71 years old, struggles to manage her type 2 diabetes. People living with food insecurity often have little control over their living environments, which can affect their ability to access and prepare healthy food. For Elders, tailoring their food selection to a diabetes regimen is even more difficult. Limited budgets lead to purchasing cheaper, higher-calorie foods, which can contribute to an increased susceptibility to one or more chronic illnesses, including type 2 diabetes. Breakfast in the Bag provides Alverna a high-quality diet rich in protein, low in fat and carbohydrates helping her to lead a healthier life.
